ANNOUNCEMENT 591

AUTHOR INDEX FOR VOLUME 79 592

The Subject Index for Volume 79 will appear in the December 1981 issue as part of a cumulative index for the year 1981.

Academic Press publishes books and journals in many areas of chemistry and chemical engineering including:

biochemistry
environmental chemistry
industrial and applied chemistry
inorganic chemistry
macromolecular chemistry
materials chemistry
organic chemistry
physical chemistry

For a list of titles in your subject area, please write to the publisher, attention: Sales Department.

"The latest volume of this excellent series continues in the well-established format with articles to interest both the specialist and the general reader." —CHEMISTRY AND INDUSTRY

ADVANCES IN PHYSICAL ORGANIC CHEMISTRY

Edited by V. GOLD

Associate Editor: D. BETHEL

FROM REVIEWS OF PUBLISHED VOLUMES:

"The authors are all acknowledged experts in their particular fields, and the various chapters give the reader an authoritative and up-to-date account of the different aspects of physical organic chemistry covered. These volumes, which are pleasingly produced, will be of very great use to those working in this rapidly expanding area of chemistry, to whom they can be wholeheartedly recommended."

—SCIENCE PROGRESS

". . . the editor is to be congratulated on his continued success in choosing subjects and authors to provide reviews of wide interest and varied content . . . . This series is a necessity for any well-stocked chemical library, and is likely to find its way onto the shelves of many individual physical-organic chemists."

—TRANSACTIONS OF THE FARADAY SOCIETY

"A high standard of articles and presentation continues to characterize this series." **—CHEMISTRY IN BRITAIN**

Complete information on each volume in the series is available on request.

Take advantage of the convenience of our Continuation Order Plan: Your CONTINUATION ORDER authorizes us to ship and bill each volume automatically, immediately upon publication. This order will remain in effect until cancelled. Please specify volume number with which your order is to begin. Please direct all inquiries and orders to the Sales Department.
